Synopsis

The "Cahier" (SAM) provides support for the improvement of the student's written French through exercises that move from the discrete point, self-check variety, to the more open-ended ones, culminating in a choice of composition topics using the process-writing approach. The "Exercices de laboratoire" section follows the "Exercices écrits" section of the "Cahier" and offers practice of phonetics and listening comprehension and dictation.

Very poor quality of material.

Purchased for my daughter as it is required for her upcoming French class. The use of a hard copy workbook is counter to her experience where past foreign language classes use an on-line format for work sheets. At this time we cannot vouch for the veracity and utility of the material. If for some reason the workbook proves to be less than helpful then we will provide an update to this review.

Came in pristine condition, all the pages were included and not written on.

good book. not the book I ordered but I needed it anyway. this word requirement is garbage I don't like it at all.

When you purchase this book, you are supposed to receive an access code to use their website, but not one student in my class received one, instead they want you to pay another fortune for this access code which is supposed to come free with the book.
