Cold Kill: The True Story Of A Murderous Love

Synopsis

David loved Cindy and was loved in return. Or so he thought. The troubled young man clung to his new love and dreamed of their future together. So begins the chain of events that was to evolve into a horror of terrifying proportions. Jack Olsen, best-selling author of *Son*, now reveals the details of a true-life romance gone hideously awry. After weeks of planning, the young misfits from two fine old Texas families donned grotesque battle gear and crept into the luxurious home where Cindy Ray's parents lay asleep with her two small sons. In the hot muggy room, the "cold kill" was over in seconds. Everyone who knew the unpredictable Cindy suspected that she was involved, but the ghastly crime had been so carefully orchestrated that Houston's top homicide detectives could get nowhere. Cindy wore black and sobbed at the funeral, then began a frenzied attempt to collect her inheritance and as many of her wealthy parents possessions as she could haul away. No one except David West was surprised when she walked out on him. Then the story took another bizarre turn. In a final bid to solve the case, a seductive young private investigator was assigned to cozy up to West. Soon the gullible killer was in love, once again with fateful consequences. Traditionally, true-crime drama illuminates the sinister motivations in the human psyche. Yet *Cold Kill* reveals something still more frightful - unspeakable murders are committed, not out of greed, revenge, or blind demented rage, but out of a troubled young man's tragically misconceived code of honor and a desperate need to please and protect the woman of his dreams. Jack Olsen's *Cold Kill* is a stunning testament to the profoundly discerning eye of a grand master of true crime. To listen to *Cold Kill* is not to forgive David West. It is, however, to undergo the uncanny experience of feeling oneself slowly but surely moving into the shoes of a pathological killer.

Audible Audio Edition

Listening Length: 12 hours and 34 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Jack Olsen Literary Works, LLC

Audible.com Release Date: February 3, 2017

Whispersync for Voice: Ready

Language: English

ASIN: B01MZG4VT3

Best Sellers Rank: #93 in Books > Audible Audiobooks > Nonfiction > True Crime #251

Customer Reviews

Had David West never met Cindy Ray, he'd probably living out his life in the Montrose dreaming of all the women who got away. Cindy Ray was a classic train wreck. Crazy! I don't believe she was ever abused, sexually or physically. She was a pathological liar and oh so many other things, all of them evil. This is an outstanding book, written as only the late great Jack Olsen could write. I literally could not put it down once I opened the book. I've yet to read an Olsen book that wasn't A+++!

What's even more terrifying than the story is the editing. Had the story not been what it was, I would have quit, due to the horrendous editing!! And if that wasn't bad enough, the ending is ridiculous! It's like the author got bored or was not going to make his deadline and just stopped. I am so disappointed, as every other book I have read by this author was excellent :-(

After reading all of this author's, even though I thought it was better written than lots of true crime, it was just my least favorite of all his books. It took me longer to read because I lost interest, too long to tell the story.

Good book. Only Olsen can write a great true crime story with the detail that is a look into the mind of a killer.

Amazing in its intimate detail of the people involved and how it draws the reader in. Riveting storytelling of this crime and the way it was solved. Needed proofing, but still worth 5 stars.

Gives the reader a roller coaster ride into the minds of two evil people. Read it and keep your lights on.

The story is interesting but the editing is terrible. Several times whole sections of sentences are repeated. Words are constantly misspelled . Several words have no meanings. Someone needs to at least edit the electronic copy before publication. I don't think it has been edited at all. It really diminishes the quality of an otherwise good read.

I agree with several responses that the ending was disappointing. After reading which I felt was a lot

of rambling then to basically end it with I think one small paragraph. Also the typos and poor grammar was awful.
