Customer Reviews

These pictures are so great! I hesitated to purchase a dot to dot book thinking my daughter (6 years) would burn through the book in a day. About half of these pictures go well past 70 dots per picture, so it keeps her very busy! A kid would definitely have to be able to count and recognize numbers to 50+ to do these. Very fun and worth the money for 6+ year old child!

I bring this to church to keep my almost 7 year old busy so he doesn't do other mischievous things. He likes that the numbers go up high and the pictures are appealing to him.

Bought this for my mother in law with Alzheimer's to help keep her thinking about the things she

already knows. She seems to enjoy it

Great resource for when you need some Bible activity sheets for 1st and 2nd graders to do in Sunday school class or AWANA, etc. Cute illustrations and easy to tie them into a Bible story.

These are sweet dot-to-dot pictures that illustrate famous bible themes. I am using this in my kindergarden bible school class and I am very pleased with this book.

My kids absolutely love this!! Hours of fun for them!

Very cute

GREAT Book for engaging my student with stories of the Bible, they truly enjoyed how noah was able to get all the animals in the boat! :)
