Playboy: Blondes

Synopsis

From Playboy's classic archives comes a trilogy of mini volumes, each devoted to a certain hair color destined to quicken a man's pulse. Blonde? Brunette? Redhead? In the fifties, sixties, and seventies, it seemed like all the Playboy models, not just blondes, had more fun. Building sandcastles in the buff, romping on tiger skin rugs, or starting pillow fights, beauties of every tress are captured in these timeless color photographs. Playboy contributing editor James R. Petersen introduces each book with a heartfelt text, and witty quotes are sprinkled throughout. At once evocative and whimsical, this handsome collection is a perfect gift for a gentlemanâ "whether he prefers a blonde, marries a brunette, or has always had a thing for a redhead.

Customer Reviews

Completes my collection of the trio, Playboy: Red Heads, Playboy: Brunettes. These books have beautiful photographs for Playboy. Taken by some of the top photographers who have worked for Playboy. Fun to look through. These are some of the beautiful women who have graced the pages of Playboy through the decades.

This is a great little book. You get astounding Playboy pictures from the 50's, 60's, and 70's. The women are incredible, the photography top notch. In my opinion (and I'm not an American), Playboy used to shoot the world's finest nudes. It's too sad they decided to forsake that heritage, first by turning their publications into pornographic crap and finally, the nail in the coffin, not doing any more nudes in their magazine. The book will not disappoint. I take one point away because it could have included more pictures. I will still buy the other two editions. Brunettes and Redheads.

Playboy's 50's, 60's and early 70's models and pictures remain their very best. Nudity was not the only important thing about it but also faces, charm, innocent attitude and the beauty of every angle in women's body. These books, Blondes, Brunettes, Redheads, "explain" why Playboy became the most iconic name in eroticism.

Anyway, I really am a fan of nude art. But, I truly enjoy the pictures of the older playboy shoots; those women are truly stunning. By this book, it's short, but it is awesome.

This book has photos of some very beautiful women in it, even from the early days of this magazine!

Nice book but not very inspirational for future photo sessions.

Excellent, the girls look so beautiful. The presentation and the quality of the book are amazing. Simply everything what was waiting for book.

I had previously bought a Playboy hardcover and loved it... 50 years of playboy is a large coffee table book whereas this was much smaller and ofcourse only covered the 50's, 60's and 70's...Overall for the price this wasn't a bad book but I'd stick to the pricier Playboy publications...
