Customer Reviews

I love Little People toys and books. So, this one is no different . The only issue I had with it is entirely my fault. I didn't do my usual research and did not realize the book was a tiny one. I am used to BIG Little People books. This one is about the size of a potholder. But perfect for little hands to hold or sticking into a purse or diaper bag. As far as content goes, the story is the basic story of the birth of Jesus. Easy for little ones to understand.

I purchased Little People Manger to put under our Christmas tree. I purchased this book to go along with the Manger. This is a board book, it's vividly colored and great for small hands. Its a great way for little ones to understand the reason for the season!

For my 1.5 year old son, this was the perfect first introduction to the Story of Christmas. The illustrations are engaging to little ones and cute. Very basic story, but honestly so perfect for young ones. Each page also has a little window to something on the next page and my son loved that component as well.

Sturdy, small, board book. Perfect for little hands. The illustrations are sweet and mimic well the Little People toys. Those are the aspects that earned this book 2 stars. I withheld the other 3 stars as this book is not Biblical. The book says "Mary and her husband Joseph" went to Bethlehem. Thereby leaving out the Miracle of Jesus' birth. I am not planning to return this book but will fill in the missing parts when I read it to my child. Also, I'll be looking for children's books that accurately explain the Christmas story.

Such a cute book. We also got the Fisher Price nativity set to go with it as a Christmas present.

3 yr old Grand took it to bed with her. Loves it. I like that the characters look the same as the Nativity set. Sent the book first so she can get familiar with it all and then the Nativity will arrive later next week.

Tiny sized book, perfect to put in my daughters stocking. She loves little people and has many large lift-the-flap little people books. Also she got the Little People Nativity set this year, so this book will be perfect for her.

Love this little book, little is the key word! It is much smaller than I expected but I still love the wording, style, and Little People touch/effort put into the book. I read it every night for weeks and my little one loved it!
