We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

as expected, some pieces not easily translated into written form. many are repetitive and pedantic. there are about 4 good songs in this book

Love the sampler. I sound just like the artists on Windham Hill! I would recommend this collection. Buy it now.

These pieces are very hard to find on any compilation cd's, so it's been hard to learn and play them with any confirmation of accuracy. I like to play songs I'm familiar with, and hearing them at least once on cd would help. I can't seem to find a corresponding cd sampler that reflects this book. Maybe one doesn't exist? At any rate, there are certainly plenty of other Windham Hill piano songs I'd have rather learned that are a lot more popular and accessible.

Good quality paper. Good size font. Nice arrangements. Good choice of Windham Hill artists. Very happy with my purchase.

What a wonderful selection music from some of Windham Hill's most popular pianists. The pieces are enormously varied. Some are complex and technically quite challenging, others simple and offering more immediate mastery. The chosen pieces reflect the styles of each artist and can be used as a spring board to follow up each of the pianists in more detail. Two of my favourites are the beautifully whimsical and meditative "In This Small Spot" Tim Story and gentle, rhythmic "Purple Mountain" Scott Cossu. As a Windham Hill fan, I have a CD collection containing most of these pieces and it is incredibly satisfying to be able to recreate the magic yourself. Not all pieces will appeal to all tastes, but the challenge of such variety is seductive and should provide plenty of pleasurable hours playing.

i need it to change , Excellent for cutting home baked bread. this price is valuable. very good seller . best service.

Some of the featured artists in this sampler include Philip Aaberg, Scott Cossu, Liz Story and Barbara Higbie. I was unfamiliar with almost all of the music in this sampler. Although there is a mix of styles, I think there is a strong jazz influence in at least half of the songs. The rhythms can be a challenge to master, and some of the songs suggest improvisation. Although I tend to prefer impressionistic pieces, some of the songs in this sampler have grown on me and can be quite fun to play. My favorite pieces include: "Engravings" by Ira Stein, "High Plains" by Philip Aaberg, and "Solid Colors" by Liz Story.

Windham Hill Artists are almost always a notch above the rest(ie. Narada, etc.) The feel, rhythms, originality, imagination, and overall composition can't be matched elsewhere. I've been a piano

composer for 10 years and find the beauty of this music unforgettable. This music is well worth discovering and exploring further!!!
