## Customer Reviews

Have read a lot of "RV" books, but with this one Jerry has written a clear and very informative little book. If your present or future offers you Social Security income and you're contemplating becoming an RVer, then this IS the book for you. Mr. Minchey sets out all you need to know, (and even stuff you didn't think you needed to know), in such a way that you are not only informed, but entertained as well! Not only is this book written so that everyone can understand, but the author offers a bunch of links that can be followed for even more information and facts - all of which is vital to making good decisions about SS and RVing. If you're starting (or just thinking of starting) a RV lifestyle on a limited budget, then this book is a MUST! As Mr. Minchey does, I too recommend that a companion book be "Buying a used Motorhome" by Bill Myers, another excellent little book packed with information and guidance. Both books illustrate clearly that living the RV lifestyle, IS possible on a limited budget.

Simply loved this book; I can't wait for many in my family to read it--especially my brother! Jerry has a great style, and I really enjoyed all the fabulous quotes. I came away motivated and itching to hit the road. There were great suggestions for planning and preparing to make lifestyle changes. It definitely seems a lot less scary now!

This is a good read a lot of useful information this book makes living in camper more possible makes me want to be old enough to retire!!

This book gives many things to consider in trying to make our decision. And many great internet resources. I hope to read many of the links on my upcoming layover at Charlotte National Airport..

Looking forward to going back over this book and checking out all the links, websites and videos.  
Great guide for us as we get ready to hit the road!

Great read full of helpful advise.. I ended up buying about 4 of Jerry's books on RV'ing.(ok many had a lot of repeated info so maybe 4 was an overkill, but added just one more bit of info or an update.)

good insight and info

Really like what I have read so far.
