Customer Reviews

This book was written in 1995 and so many of the ideas are much out of date with today's findings. Science has proven so much more than she recommends, but this was a pioneering book. She lived in England, too, and that is where this book was shipped to me from. Interesting.

For those suffering with stomach pain and achy joints, the concept is worth a try.

love it

Great Book. Very helpful. I would order . It . Again.

Outdated information.

Healthy recepies

Fantastic and helpful book that has giving to me guide in surviving this new food problem. The book is addecuated for those suffering from starch allergy, teaching you what doctors don't or don't want. A total support to this new food allergy, illness, etc.
