## Customer Reviews

Disappointing. This is a single list, from best to worst, of 500 Portland restaurants. It would have been a far better and more useful product if it (also) sorted restaurants by the type of food served or expense. Does it even make sense to compare, say, the third best steak house with the fifth place breakfast place? The design of this pamphlet seems to assume that a user first decides on a range of quality and then seeks a restaurant of any type in that range.
