Information on out of the way, off the beaten path areas.

Since moving from England to Minnesota a while ago I have wanted to learn more about my new home state. This guide is excellent and shows each area and its highlights very well. Tours will be planned using this book.

Great book

Good

Gorgeous photography and great insights into where to go, what to see, and how to get there. So many really special places I can wait to visit.

A lot of good information in this book...am taking it with tomorrow when we go exploring the central part of the state.
