Customer Reviews

Happy with purchase.

Very useful

Great tips! Helped with science for sure, and had some great strategies for other areas. I'd recommend this as a supplement to the official ACT guide, or a good resource if you're short on time for studying like I was.

I read this book in a week and found quite a bit of helpful knowledge and the how and why behind the answers. Scored a 31 with minimal study and no practice tests so I would recommend it.

My daughter just scored a 31 after taking the test for the first time. She will take it again in the fall. I think the results speak for themselves.

Great book for those who don't have a lot of time to study. Everything is written very clearly and concisely.

As advertised.
