Customer Reviews

Daily Practice for School Success! Daily Learning Drills provides complete daily practice for essential fifth grade skills. Learning activities are included for English language arts and reading, math, science, and social studies. Topics include grammar, vocabulary development, prepositional phrases, working with fractions and decimals, area and volume, animal classifications, U.S. government, and many more. A review section in the back of the book reinforces skills for each subject area. With Daily Learning Drills, students will find the skills and practice they need for school success in grade 5!

This is a nice book and a decent price. I use it for extra work and homework sheets for my daughter who is home schooled. The math section and history is excellent but the science and English do not follow along with all of the topics that we are doing for those subjects. (We home school following the same topics that our public school covers for each grade just to prevent learning gaps in the event that our kids ever had to enroll back at public school) I would buy this book again, I have gotten many work sheets out of this to supplement. It is a big thick book with some fun worksheets.

returned. just felt we didnt need it, after i looked inside. Plus with the common core sticker on the cover..another reason i didnt like it.

Great workbook
