Customer Reviews

This Daniel Tiger book is great for my 2 year old. We Pre-ordered 4 books and this is for sure his favorite. He loves that the wheels actually move and he drives it like its a toy. So you get a book and a fun toy for your kids to play with. The story is very good because you get to see all the characters of the show and you see where they live and the families they have. Overall this is a wonderful book that kids will enjoy for a very long time, It is well built and has very thick pages so those page rippers wont be able to infiltrate this one. Get it and have a blast!

I bought this for my 2 1/2 year old son who loves Daniel Tiger. He also loves anything with wheels... Shazam! Perfect gift. He LOVES this trolley. I also bought the package that has the neighborhood friends. You can only fit a couple of friends at a time, but he loses them more often than we can find

them, so no biggie there. I recommend this to all Daniel Tiger fans. Oh, the ding ding of the trolley bell sounds just like it does on the show. Bonus!

My kids loved this book and we read it almost every night. The only disappointing thing is that the binding fell apart and I put it back together with hot glue. But then it broke again. After gluing it a second time, it broke again, so I finally threw it away. It's a really cute book, though!

My daughter loves Daniel Tiger so I got this book for her for her birthday. She enjoys it, but I feel like the pages are all very similar. If I could have seen it in person before ordering I would have picked a different one. But it is well made and she still likes it.

My two and four-year-olds love this book with its wheels that really turn. The story is about Trolley dropping each of the kids off after school, so it's a short one, but it's very consistent with the TV show and my kids enjoy it.

Cute, quick book that doubles as a toy. My daughter loves that the wheels move. She also loves how Trolley picks up Daniel Tiger's friends throughout the story.

Good size book. I wish the wheels were plastic and not cardboard though so my son could play with the book easier. He likes the story and he LOVES Daniel Tiger. Hopefully it will last through this faze.

My grandson loves Daniel Tiger. This little book is perfect for his little 1 year old hands. The book also even has little wheels on it which is a really cute little feature!
