Customer Reviews

This Gloucester and Mathews Counties Street Atlas provides detailed map coverage of these two counties in eastern Virginia, just across the York River from York County. The two counties are framed by their frontage on the York River, Mobjack Bay, and Chesapeake Bay. One map in the front of the atlas covers the entire area. The following pages break down the two counties at a smaller scale. The map sheets are focused on the street layout; terrain features are not provided other than bodies of water. This is a very useful guide if you happen to be house hunting in either county. Recommended.
