Liar Liar This book tells one about the story behind "the lies", we may have thought to be true. This book is fun to read. For example. "Paul Bunyan". was an ad for a Lumber Company. One must keep

in mine that this book is in fun. There is nothing to getup-tight about. I take fun over up-tight any day!. "liar Liar" is fun. It is about a guy who tells lies. And, is made/force to tell the truth.

Really a great can't put down book full of interesting tidbits of information. At least for me, it was full of things I'd always wondered about. Great book!

That's the best of this book: the elegant humour through every page. You can't avoid a smile now and then and this makes the reading a real pleasure. As for the content... well, it is very illustrative in some spots, and it's been very well picked up. But in some points it didn't refer explicitly to some real origin of the tale (this is specially true for the Urban Legends) and the hypothesis on those issues are kind of vague. Nevertheless, is a very nice reading for a quiet weekend.

Great Reading, book is funny in some spots.
