Discovering Seattle Parks: A Local's Guide

Synopsis

Linnea Westerlind has visited each of Seattle's 426 city parks, an effort which she documented on her blog, YearofSeattleParks.com, making her the absolutely perfect person to guide you to just the right park for your picnic, kid's outing, family reunion, or simply a fun new place to explore.

Discovering Seattle's Parks is based on Westerlind's blog, but for this new guidebook she has revisited and further researched every single park she describes, and now includes even more detailed information and descriptions. Organized by neighborhood, such as Downtown, Queen Anne, or Northeast Seattle, the guide features full-color photos throughout and simple, illustrated maps for the largest parks with more complex trail systems.

Great little resource for families and individuals looking for information on well known or little known Seattle parks. Great list of amenities for each park and lovely pictures. Must have!

We love the book and are having fun exploring new parks in the Seattle area. The descriptions are good as are the directions for getting to the parks.

Such a fantastic and useful guide for Seattle parks! This writer covers the biggies (Discovery, Magnuson, etc.) as well as the lesser known gems with the same level of helpful detail and observation. Definitely a keeper for anyone curious about exploring the green spaces in our great city.

On time and as advertised. For even more fun, check out the author's blog in which she recounts her visits to ALL of Seattle's 400+ parks.

A great resource for locals looking to explore Seattle parks. Includes driving directions, information on amenities, and a clear and colorful layout. I especially enjoy the historical fun facts sprinkled throughout. As a Seattle native, I've learned a lot about the history of the city's park system.
