Great book!

Was hoping to get more detailed instructions on how to build. The book has mostly pics that can be found on pintrest.

Fits well with my sister-in-law's decor for her shop

Good book

the book has a lot of good ideas and nice pictures on outdoor kitchens and island. it does not go into much detail on how to build these projects. it's a good book if you are looking for ideas, but not if you are looking for step by step instructions on how to build an outdoor kitchen. i haven't found a book yet that does this.
