Japanese For Young People I: Student Book (Japanese For Young People Series) (Bk.1)

Synopsis

Renowned for its Japanese for Busy People series, The Association for Japanese-Language Teaching (AJALT) has developed a new comprehensive course for teaching Japanese to young adults in English-speaking countries. Japanese for Young People is a new three-level series designed for junior high and high school students, with an optional starter level for elementary students. With an emphasis on the coordination of structure and verbal communication skills, this program builds upon the basics of Japanese grammar through the use of key sentences, dialogues, exercises, and entertaining activities. Exposure to spoken Japanese is facilitated by three compact discs. Japanese for Young People provides the perfect foundation for learning one of the world's most difficult languages. Japanese for Young People is a new three-level series designed primarily for junior-high and high school curricula, encouraging systematic Japanese-language process. The student books introduce the building blocks of grammar through key sentences, dialogues, exercises and activities. Workbooks contain hundreds of exercises and games to help with the written language, while tapes provide natural, native Japanese. From the authors of Japanese for Busy People.

Customer Reviews

THE ASSOCIATION FOR JAPANESE-LANGUAGE TEACHING [AJALT] was recognized as a nonprofit organization by the Ministry of Education in 1977. It was established to meet the practical needs of people who are not necessarily specialists on Japan but who wish to communicate

effectively in Japanese. In 1992 the Association was awarded the Japan Foundation Special Prize.

I like this text book.

I'm not really a young person. Both of my kids are studying Japanese in high school, and I feel a bit left behind. Besides, I'd like to, some day, watch an anime without relying completely on sub-titles. The book is very gently paced and delightfully illustrated. Matched with its companion book (there is an information book and a workbook), this is a very friendly introduction to Japanese. Yes, there is a long way for me to go, but there's a book II, which I will get.

exactly as described...perfect!

I bought this book because a group of people in the workplace are learning Japanese with a Japanese colleague. We specifically regard the structure of the book and the fact that been targeted to young people, it's easy to follow by an adult. I recommend this book to anyone who wishes to learn Japanese.

This is the best textbook series available right now for teachers of Japanese. I have implemented its use fully in my school's Japanese language program.

This book was a great purchase, on my son's school this book was very expensive, so it's a great deal.

Used the series for a class I was taking. Even with instructor assistance, the book wasn't very conducive to learning. Genki is much more thorough, and Pimsler is great for oral training.

What and the other reviewers fail to explain is that you must have the CDs or cassette tapes to properly use "Japanese for Young People, I" -- and that does NOT include them with your purchase or the book. Indeed, you cannot even buy the audio recordings separately (lists them as "unavailable"). Page after page of "Japanese for Young People" has exercises based on the recordings, which makes much of the book pretty useless. Wish we had known that before we ordered the book, as it would have saved us the trouble of shipping it back and asking for a refund.
