Average Customer Review: 2.5 out of 5 stars 2 customer reviews

Best Sellers Rank: #4,752,208 in Books (See Top 100 in Books) #79 in Books > Medical Books > Dentistry > Dental Materials

Customer Reviews

Excellent text with clear descriptions and diagrams. Latest edition is timely and up to date. Would love a kindle version!

This book is an interesting concept, but unfortunately is riddle with mistakes. Those can be useful spotted by a materials scientist or even a materials science student, however they more difficult to be spotted by a dentistry student.
