Customer Reviews

Book by Coombes, Allen J.

Good book slow delivery

I LOVE this book. Full of fascinating trees I never knew existed. Over 300 pages with colored pictures & descriptions of over 1500 trees, shrubs conifers, etc. A great book for your personal enjoyment; reference or as a gift for any nature lover. I bought it because I'm an avid gardener. After viewing this book, I'd like to plant a forest of different trees. What a enjoyable museum or nature park that would make.
