Customer Reviews

Grew up in Iowa, Wisconsin and Minnesota and although our winters are not as bad as what the Danes go through we sure spent a lot of time inside with friends and family. Cozy little areas for reading, playing board games, putting together puzzles, working on horse tack, quilting, knitting, crochet or needle work. Warm food and drinks, laughter and stories. And we too spent time outside sledding, skating and ice fishing.

This is a good book on Hygge. All of the things, tips and guides that I need to know about how to find happiness the Nordic way are already included and well written inside. Freja Petersen has done a good job in compiling and creating this book. I like how the book is written in a very positive way. This book is helpful for those who want to learn more about Hygge.

Well I did laugh. I already live that life style. Keep it simple and enjoy the journey. Perhaps I would have enjoyed it much more if I was not already living such a simple life. I do live simple and I find my life full.

Loved this book it was full of tips of how not to spend money and create an area with a hygge lifestyle. I plan on using this book to take a deeper look and find more ways I can bring hygge into my life. I would recommend this book to anyone wanting to bring more hygge into their life.

Too simplistic. Not very informative. Disappointing.

the top quality Very pretty effect. Special design, perfect quality, nice appearance. I couldn't deny such a good product. I don't know what the words to evaluate the product, everything is so

perfect. Just worth every penny, buy it! You I am very pleased and would definitely recommend this product!
