Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

Hey, this is it ... The standard definitive Jazz collection. A great group of old standards for a group to go out and perform.

I was very happy with the quality of the book I had purchased, it was delivered to me as discribed. The problem I had was that it took almost one month for me to receive this book. I was mad as

heck, that is the only fault I have with this company/person who sold me the book.

The tunes I was looking for.

Great!

Warning! Do not expect the music in this book to match the keys in the other books for other instruments in the Definitive Jazz Collection. This is the 2nd edition and the others as much as I have been able to find are 1st editions. For example, Early Autumn in the 1st edition Bb book is in F and the same piece in the 2nd edition piano book is in C when either it should be in Eb or the Bb edition should be in Bb.

This books has 88 familiar jazz tunes with vocal scores and lyrics, piano scores and guitar chords. It has the perfect selection for a beginning trumpet players like me, as it offers both the inspiration and challenge with songs of different levels. It is a ideal source for jazz trumpet solo plus piano accompaniment and small ensembles. The reason I gave it a 4 star instead of 5 is because it lacks a brief introduction of the songs and the quality of the paper and printing is compromised.

This book has many jazz standards and some contemporary music. It is very useful in vocal lessons and performance. The wide variety of songs makes it a must have for all vocal libraries.
