Only half way through the first book but we are hooked! Quality of the covers is lacking and thin, but otherwise no complaints.

My daughter and I are in love with these books and their hilarious characters! I recommend these to all!

Read the series to my son, age 8-9, non-stop until we finished the set. He really enjoyed it and so did I.

My 9 year old niece loved these books. She likes having the set all together.

suspenseful. My 10 years old love this series!

Great series!!!

Have not read them yet but I am excited for my 9 year old son to read them!

This is a great series. I am a teacher and am always looking for good books to recommend to my students. I read all four books in less than a week and can't wait for school to start back up to share these with my students.
