Olympics

Synopsis

Today, all over the world, people are getting ready for the Olympics. Runners, swimmers, skiers, and skaters are practicing; teams are learning to work together. Meanwhile, workers are making flags, medals, uniforms and equipment. But soon the Olympic torch will be lighted and the games will start. Full color.

Customer Reviews

"This volume demystifies the Summer and Winter Games for young readers," PW noted, adding that the "energetic, whimsical yet detailed watercolors capture the excitement." Ages 4-8. (May)

Copyright 2000 Reed Business Information, Inc. --This text refers to an out of print or unavailable edition of this title.

PreSchool-Grade 2?If you're looking to stock up on books about the Olympics as the Summer Games in Atlanta draw near, here's a suitable purchase. The scant text depicts everyone from the athletes to those who manufacture equipment for both the Summer and Winter games. Hennessy gives an overview of what's involved in putting on and participating in the Olympics, rather than factual accounts of various competitions. Still, readers and listeners will be made aware of the opening ceremonies, the myriad events, the medal presentations, and the Olympic village. No athletes or specific sites are mentioned by name. Cartoonlike illustrations provide a suitable complement to the breezy writing style. A basic introduction.?Tom S. Hurlburt, La Crosse Public

exactly what I needed
