LWW's Medical Assisting Exam Review For CMA, RMA & CMAS Certification (Medical Assisting Exam Review For CMA And RMA Certification)

Synopsis

Publisher's Note: Products purchased from 3rd Party sellers are not guaranteed by the Publisher for quality, authenticity, or access to any online entitlements included with the product.

This Fourth Edition of Lippincott Williams & Wilkins's Medical Assisting Exam Review for CMA, RMA & CMAS Certification focuses on the critical most current components of the MA and MAS curricula, making it an indispensable tool for recent graduates, practicing medical assistants, medical administrative specialists and medical administrative assistants preparing to sit for any recognized national certification exams. Take advantage of a unique approach that uses a pretest with analysis to help users identify their strengths and weaknesses and develop their own personalized study plan to streamline review and practice. This proven book is packed with study smart resources, including more than 3,000 questions and six timed, simulated exams available online, as well as study tips and exam-taking strategies. Updated and enhanced with new information on key topics that affect medical assistants, the Fourth Edition now includes new chapter-ending Critical Thinking Case Reviews.

Customer Reviews

It's helpful, but I use outside resources as well

Great book , great test review. The only problem with this book is it was bought used but most of the

answers on the test questions were circled by someone which was very annoying!

Great find

Was very helpful, and I think I actually over studied with this book. Just follow the books directions in regards to studying, and you'll be fine.

This book is very thorough. I am taking my test in middle of September. It takes a good 6 weeks to work through the book. My fingers are crossed!!

If you want to pass your RMA, CMA exam on the first try this book is a must for your college library. I worked through the entire book in a month and a half and was ready for my national exam and passed on the first try.

I used this book to study for the AAMA certification exam. I found this to be the best representation of content that is on the exam out of anything else I used. I highly recommend purchasing this book.

I love this book. It's awesome correct answers an explanation on the side. I recommend it highly.
