Customer Reviews

As always, love the translations and fast shipping!

Son mis libros favoritos de mis juventud. Ahora puedo usarlos para practicar mi español y los me interesa más que nunca. Ojalá que mi español no es mal. Esos libros son excelente!

You can probably tell already (since this review is in English) that Spanish is not my native language. I lived in Mexico for a couple of years 40 years ago and wanted to brush up on my Spanish. I thought that if I picked a book that was targeted at pre-teens (and one that would be

enjoyable to read as well) that I would get a good exposure to grammar and expand my vocabulary. I haven't been disappointed there. I would say that I currently speak at the level of an eight year old native speaker. I started out looking up about 5 words per page, and now, after reading about 100 pages I'm down to looking up about 3 words per page. My only complaint is that about a quarter of the words that I have to look up in the Pocket Oxford Spanish Dictionary are not there. I was hoping that since the Harry Potter series was targeted at pre-teens and early teens that the translation would not have lots of "more grown up" words. I guess I should have been tipped off by the title, though - caliz means chalice (a word that most pre-teens aren't familiar with) where a more commonly used word, copa (which translates as goblet) would have been more universally understood. So overall, the book is doing what I wanted it to - it is exposing me to good grammar, and increasing my vocabulary (but perhaps not vocabulary that I'll ever find very useful.)

I bought this as a Gift and it was my mistake to not look for the publisher on the info section, The book is ok, but I'm kinda dissatisfied because this publisher made a copy from a Salamandra book, everything in the inside is fine, just the size and the quality on the hardbook is a little bit weird/different. I noticed it when we put this one next to the other HP Salamandra books we have. It does its job but in a different presentation.

Este libro es largo, pero nunca se siente aburrido. Está sumamente bien pensado y relatado. Todos los detalles de la trama llegan a una feliz resolución al final del libro. A mí no me gustaron las películas, pero consideraría a leer otro libro de la serie, si es así de interesante. La traducción es buena.

Una historia que te atrapa sin duda, quieres saber más y más y te sorprende con hechos que no imaginabas

I love it and my son too. Many hours of entertainment and of practicing Spanish too!. My only complaint is that the Spanish translation is from Spain, not bad, but we prefer the standard Spanish.

Great product, product as described, happy with the purchase.
