Customer Reviews

Every english speaking individual should read this...twice...annually.

Some of the examples could have been clearer and it could have gone deeper in depth for a lot of topics, but overall it's a great book if you want to brush up or re-learn your grammar.

Purchased for my Chinese exchange student and no complaints thus far.

The best book that I ever purchased for my purpose! Thank you for my order. It was fast and the product was exactly what I wanted. I look forward to ordering from you again! Marshall

this book is a must for foreing language english students like me. I think you should get amd read from head to tail.

Uses the same methods taught to me in grade school. By far the best ever! Simple, clear, and portable. All you have to do is ask yourself a quick question or two and you can find the correct form of the pronoun or modifier to use. Yippee! Had been longing to see them again. And thank you, Miss Tait!

This is an excellent book for providing essential grammar and usage rules. The text is easy to read, and it covers essential grammatical rules. I recommend it.(If credentials matter to you in evaluating a review, I have a BA in English and a JD (Law). Although I've used several grammar resources, I find this one to be a nice addition to my library. It offers nice explanations of the rules and informative examples.)

This book is very well written and easy to navigate. It provides great explanations, examples and memory aides on all the key aspects of grammar and usage. I highly recommend it if youÃfÂçÃ â ¬Ã â,,re either beginning to learn the English language or looking to polish your current skills.
