McGraw-Hill authors represent the leading experts in their fields and are dedicated to improving the lives, careers, and interests of readers worldwide

Bought this for Spanish class (Intermediate) and had a very hard time reading it. I know it's a classic, but perhaps the language was too archaic for me? In any case, I'm saving it for when my Spanish improves.

I use this adaptation with my high school Spanish 4 Honors class. The reading level is a little high, but it is a good challenge for them. Most of the difficult words are footnoted and there are comprehension questions at the end of each section. The questions are mostly recall, but there are also one or two thought-provoking questions for each section.

I am using this with my advanced Spanish 3 students with enough support for them to be able to

see what a great farce this story is. What I really need is the audiocassette that goes with it. Anyone know how to lay hands on that?

excellent

great condition, thanks

I use this in my Spanish III class in high school. It is a great introduction to a classic novel in Spanish!

Product was in very good condition. I am not giving it the 5 stars just because there were some pencil annotations that I had to erase.

FYI - Your description says this is in English, which is what I was looking for, but it is in Spanish!
