Customer Reviews

The book talks about chakras or what I've known to be auras. I liked the discussion of the 7 different chakras and the exercises to achieve wholeness and well-being. It is useful to know these

alternative techniques of relieving the stresses of life and achieve relaxation and balance. Reclaim your focus and energy by learning and understanding chakras. This book is very helpful.

This was a short, interesting book written in a friendly tone. I give three stars because it is in need of a good editor- many typos and odd word placements, at least in the Kindle version. Perhaps it would be better titled as an intro, or brief overview, not an "ultimate guide."

Very informational about the chakras

Shorter than i expected but still has good info

What a fantastic book! For those of you that are into yoga and healthy living this is the book to buy. I found this book fascinating and a great accompaniment to my yoga

This is a short but interesting book which can help you understand more about Chakras
