the college student specifically in mind. I enthusiastically recommend this volume to you."--Tremper Longman III, Westmont College"For college students who are encountering the Old Testament for the first time, this attractively produced textbook offers a clear and helpful orientation to the world and literature of the Old Testament. Excellent book clear, useful, text with gobs of extra material. Nice thick pages, and visually stunning. I had to buy this one for a class but after I bought the New Testament one too.

I absolutely love this book! I ordered it for a college course and learned so much about the Old Testament! This book allowed me to take a step back and actually process what was happening Before Christ. It has transformed how I read the Bible.

Exactly what I needed as an addition to my library. Easy reading. Quality of book very good would recommend to biblical students as well as other pastors. Consider the Encountering the New Testament as well to complete your studies.

a very good textbook. requires some analysis to understand more complex ideas, but more often than not it is worth it. in particular I found the outlines and objectives listed at the start of each chapter very helpful.

Great book

It was an excellent read and the points within helped me not only understand my college course better, but also helped me form my own opinions regarding the Old Testament texts. I recommend it wholeheartedly.

I needed this book for an old testament survey class. This was an excellent purchase and help me in the class.

Awesome book for Old Testament Survey!
