I love Terry Border's books (both adult and children), and having a 2 year old, I knew that I should pre-order this as soon as it was available. My daughter "reads" through it identifying what she can and saying, "Yes, yes, yes, no, no, no." (She may not have the opposite concept down just yet). ;)

No complaints here. I am a big fan of Terry Border and my children love the animated items.
