The Little Big Penis Book

Synopsis

The fascinating phallus: Even more impressive, squeezed into a small packageAfter the bust out success of The Big Book of Breasts, TASCHEN presented the perfect companion, The Big Penis Book. Now comes The Little Big Penis Book, with all the photos and interviews of its big brother, in a more portable, and affordable, edition. When it comes to pleasure, size doesn't matter; as we all know it's quality, not quantity, that counts. But let's admit it: a big penis is undeniably compelling. Big shoulders, big lapels, and big hair may come and go, but the big penis never goes out of fashion. With those possessing more than 8 inches (20 cm) making up less than 2% of the world's population, this rare accessory will always fascinate. In The Little Big Penis Book we explore the centuries-old enthrallment with the large phallus, a fascination common to men and women alike. The book is profusely illustrated with over 400 historic photos of spectacular male endowments, including rare photos of the legendary John Holmes. The majority of the photographs are from the 1970s, when the sexual revolution first freed photographers to depict the male entirely nude. Photographers include Bob Mizer of Athletic Model Guild, David Hurles of Old Reliable, Colt, Falcon, Sierra Domino, Third World, and Champion Studios, with each of these iconic photographers interviewed or profiled, along with information about each of their models. And if this isn't enough, the book closes with a special, extra-big, extra-long anticipated surprise! Text in English, French, and German

....definitely a "late night dinner crowd" coffee table book. Guest don't get brave enough to pick up and/or comment on until after a round of after dinner drinks....then the real commentary comes to light and discussion. Sure to be an attention getter for one's more enlightened dinner guest.

Photographs are great. It's really interesting to read the back stories of several photographers from art, fashion and adult entertainment. Lotsa Dongs!

Omg... such a fun conversation starter

It is unnecessary to add more words to the star rating system, and I refuse to do so. No, No.

I'm not sure why but my copy had about 2/5 of it in German, wtf
