I purchaed this as a gift for my niece who just moved. I thought it may help her transition go a little better if she could come up with some fun ways to make her new room her own personal space. This is a great book for any early teen or preteen girl. It is a nice spiral book with sturdy high gloss pages. It includes ideas for room decor, quizzes, activities, and more. Some of the projects include hanger designs, wall art, organizational projects, picture frames and more. There is even a poster included that you can pull out and color yourself and some really cute door hangers to indicate you are busy or not to be interupted. Young girls need their own personal space. It is their sanctuary.

And this book really helps them personalize it.

My 11 year old daughter loved this.

Gift granddaughter loved the ideas

Great Book of Idea's for Girls. This will be another AG Party that I will throw for my daughter come Spring. Do some of the book ideas, create a table, serve food and give each guest a book to take home. Easy-Peasy Party!

There is so many fun and terrific things to do in this book. I am really excited after looking through it to give it to my daughter for Christmas! Couldn't be happier with the product.

Perfect for the budding interior decorator. Hours of projects included and decoration ideas for the AG lover's bedroom. Thoughtful and well put together. Easy for girls to read and follow.

Daughter loves this book, she's constantly changing her room.

My daughter LOVES LOVES LOVES these books. She would much rather take the expert word of American Girl than any advice her mother has to offer ;). Thankfully these books are spot-on and offer delightful, age-appropriate activities and fun.
