Customer Reviews

This is a good resource for Royal Doulton items not found in the Charlton Standard Catalogue. The two books together will give you a pretty comprehensive resource for identifying & valuing "most" Royal Doulton pieces. This duplicates a small portion of the info in Charlton Standard, but includes most things missing from it. It is a great resource for animals, Bunnykins, Character Jugs, Flambe, Burslem, Lambert Art wares and more! To any Royal Doulton collectors, I recommend BOTH of these volumes! (Charlton Standard Catalogue & Antique Trader)

Very organized guide to royal doulton pieces. Pictures are very clear and closeup, making identification easy. If you own any Royal Doulton pieces or are intending to purchase any, this is the

book to have.

did not have anything I was hunting for in it

Good product.

Antique Trader Royal Doulton Price Guide – I collect Royal Doulton items and had hoped this book would be up to date, especially on their Bunnykins Series, animals, and figurines. However, most of what I look up isn't in this price guide. It is nicely illustrated. Maybe useful for beginners, but I was looking for a far more detailed price guide.

I chose a four star rating, as it was an older book, but for me had lots of relevant information. Plenty of colour pictures covering a wide variety of Doulton. Good to have as a reference guide.

Great reference book, I collect these and this is a complete guide to all the Royal Doulton items made along with a price guide. It's nice to take shopping to compare prices and look for treasures

The book is out of date and prices are way off what you will really sell Royal Doulton for. The prices are actually about 15% of what the book states.
