I have several of the Newbourn Media coloring kits like this one as well as this one. I like the art work for the most part. I like the cardboard insert you can put between the pages to prevent staining the next picture. Like another reviewer stated, travel with the pencils isn't as easy as one might believe. They are tough to remove from their slots in the plastic tray which takes more time and effort than it should, and takes away from the fun and relaxation of the coloring process. The paper is ok but not real strong like card stock so you have to be a little careful what coloring tools you use. My biggest complaint is the thick leads on the pencils makes it hard to color in the small or even tiny spaces in the designs. That's why I don't use them for travel. I need other coloring tools like fine point pens and pencils to color those parts of the pictures, and there are a lot of small detail. Also, the pencils that come with these kits are ok, but not really as good as many others so I often turn to other coloring media rather than use the ones that come with the set. That said, this is one of the nicest sets in terms of the art work designs.

These sets are Awesome! First adult coloring sets that you can use while traveling, in hospital, etc. Complete with variety of pages, GOOD quality colored pencils with a sharpener that works. Pencils stay in tray, and there is even a little board to color on, so no bleed-through. Nice, compact, self-contained set. I ordered every one in this line after my first one.

Nice book since I am in my second peace sign era.

so many cute things to color

love it so many pretty photos

Love the new adult coloring books. This is the best pack because is compact and comes with pencils in a case, easy to carry., Took on a trip and on the plan I had everyone around me coloring.

Cool!

Bought it as gift for my granddaughter, she loved it!!!
