Customer Reviews

Anyone who gets their books from , regardless the format, are always being given suggestions broken down by the book's genre. Yesterday [8/20/17], with no books on my TBR reviewed pile, I decided to what suggestions I had been given when my eyes caught this book's title.

So, without reading the description I immediately downloaded it using my -US KINDLE Unlimited subscription, which is something I don't usually do. In addition to being a senior citizen, I'm also a romance author as well as a voracious Book Reviewer with over 570 books under my belt in the past three years. As we get older while romance is still existing; both mentally and physically, the intensity of our physical desire has begun to peter out; which is why I love reading books in this genre of romance. When I finally got to begin reading this collection of ten beautifully written hot, steamy short stories; I felt I'd been cheated since I didn't find the 15 stories I'd expected to, only to realize a few minutes later that this book is the author's 15th book in this series. Anyway, I found this book to be just what the doctor had ordered to fulfill my desire to fantasize being young again, by stepping into the shoes of each of the female protagonists found in this collection, and at no time did I become disappointed in what I was reading. I've read/reviewed quite a few erotic books by various authors and I've found Cheri Verset to be one of the best ones I've read. Each of her short stories are unbelievably steamy and might be considered by some to be the best of the best forbidden stories around. It's a good thing at my age I wear protective incontinence underwear [an embarrassment], otherwise my panties might have become somewhat wet. And with this being said; how can I not give Ms. Verset the 5 STARS I've given her.

What is there to say about Cheri's stories that hasn't been said a thousand times already? These are, quite simply, the creme de la creme of erotic stories available on . Insanely hot and steamy taboo tales that you'll be thinking about for days. Read them. You won't regret it.

Simply fantastic if you're into taboo! Hot stories and great fantasies from Cheri Verset. I pretty much have all her bundles now.
