Customer Reviews

I love trying new recipes and have added this to my collection. I also love my Kindle and having my recipes available in this format is great. No more torn pages or missing books. I'm happy.

Awful - basic cooking that you don't really need recipes for. Heat the grill, oil the grill, put the fish on, add some Kosher salt, wallahhh.....Lame

These recipes have reasonable grocery lists and are surprisingly easy to follow. Fish is healthy and inexpensive alternative to red meats.

Great recipes with great instructions takes the fear out of cooking an entire an entire fish

This is a good extensive collection of seafood recipes. If you're looking for a basic recipe or a good variety this is good.

Nice book I enjoyed it
