I'm A Little Teapot

Synopsis

Join our rambunctious teapot as he gets all steamed up just waiting to share his imaginative adventures with you. Grab your coat as you sail down the river on a boat to China, run off to Mexico to fight a bull, race with the hounds on a fox hunt, and hide deep in the jungle where no one will find you. I'M A LITTLE TEAPOT is a book to share with friends and familyâafter all, isn't that what "Tea-Time" is all about?

Iza Trapani is the best-selling author/illustrator of several children's books, including TWINKLE, TWINKLE, LITTLE STAR; I'M A LITTLE TEAPOT; THE ITSY BITSY SPIDER; and RUFUS AND FRIENDS: RHYME TIME. She lives in the Hudson Valley of New York.

My kids love this book. Iza Trapani's books are all fun. They double as a lullaby because you sing the verses. Once the kids have listened enough they learn the verses and sing along with you.

My 2 year old granddaughter had absolutely no interest in this book. She is a child who loves to be read to and often will just sit and look at pictures by herself. Must be a generational thing - she certainly knows what the microwave is for!

I am a new fan of this author because the stories are based on classic songs toddlers love and hear often. Thus, the books keep toddlers' attention. The words are immediately recognizable to little ones and they can grasp the story right away as a result. That's such a thrill for toddlers in a world where so much is brand new and unfamiliar to them. Beyond that, the artwork is simply some of the very best I have ever seen in children's books. These books are beautiful and would make wonderful gifts for baby showers or birthdays. My mom is a children's librarian and she and her fellow librarians adore these books. My two year-old loves them and we have added the rest of this author's books to our daughter's Christmas wish list on .

Perfect for those of you who remember this delightful song and how to sing it! Everyone will love to perfect the movements and you'll find a song in your house with all those who love it too!

I love singing stories to my elementary students in music class. Over time, the students learn the tunes as well and sing with me. They enjoy visuals which is why the thought of musical "story time" is usually a success for me.

This book was first given to me by a reading program at the doctors office. My daughter and I fell in love with the story. Over the years I've picked up a few more copies to give as gifts, baby showers, first birthdays, etc...Now 5 years later, I was terrified to find that we have misplaced our copy, not surprising because we took it everywhere! I had to order another copy to read to the baby (now a year old) and he loves it too!Great story which captures tidbits of information from all over the world that exposes different cultures and sparks educational conversation in a catchy rhyming song!Excellent!

An absolutely wonderful book - all my grand children loved it when they were in their preschool years!!!! It was one of their favorite as well as mine!!!!!!

I LOVE all the Iza Trapani books. She creatively adds extra verses to the cute little children's songs that we all know. I LOVE how the added verses turn the original song into a little adventure. In this story/song, the teapot is taking the children on a daytrip to show them all the fun things she likes to do. It is cute, easy to sing to your child, and my son likes the repetitive nature of it. Win win.
