Dorothy Richmond is an experienced Spanish teacher and best-selling author of language-instruction materials. Gilda Nissenberg is a Ph.D. and experienced educator based in Miami, FL. Dorothy Richmond is an experienced Spanish teacher and best-selling author of language-instruction materials.

Dorothy Richmond is an experienced teacher of Spanish and highly successful author of Spanish language-learning books.

Very helpful book. Took me 38 hours over 1&half months, including using and studying flash cards. Lots of verbs and nouns introduced. Covers simple past and present tenses. -1 star due to a few practice problem solutions answering problem different from the question.

I used this book (along with Spanish Verb Drills) post Living Language. I would say that my Spanish is now at an Intermediate Level. This is NOT a beginners book (although it may seem that way). I would suggest this for those who already have an introduction to the language and now need and immersion.

Helpful - though references to America and American lifestyle were not relevant to me. I was aware the book originated from US.

I use all the Practice Makes Perfect Spanish books in my class. Great practice exercises. Lots of

references to pop culture that some of my students don't get, but otherwise, great books. Considering how costly text books are, these are great deal.

I practice Spanish with a group once a week and we use this book. It's only present tense but it's good as a beginner's book. The bizarre sentences keep it interesting!

Has helped our Grandson with his Spanish.

I really like this book very much. It is so much easier to understand than the very expensive one I bought when I attended the university. It simplifies things and really helps in learning. I also recommend that Practice Makes Perfect, Spanish Verb Tenses. second edition (green book) to go with this red one. These are inexpensive yet very helpful books. Why make things hard for yourself?

I wish something like this was available for Russian, I am enjoying working through this book and learning much more by doing this than Rosetta Stone, although I have to say I'm surprised how much I learned through Rosetta Stone. Good book to work through basic grammar and increase your Spanish vocabulary immensely.
