I bought this book for my four year old who is starting to read. This book was very entertaining for her. The story is short and great for acting out which helps her recall the story and inspires her to get creative.

Read this at Girl Scouts. The 7-year-olds found the story hilarious. Also gave some good discussion around friendship and not being greedy.

The preschoolers enjoy these folktales. It never fails while reading the stories, other ideas come to their little minds and other questions begin.

this is a very good kids book. My son started saying Koala from this book, so glad I got it for him now!

Perfect companion to Koala non-fiction
