I have loved Adventures in Odyssey since I was a child, so decided to purchase this for my kids. I loved that some of the characters that I loved as a child were still included with some new ones that my kids thought were great. In this series, Wooten proposes to Penny, while they have been dating for several years she still is hesitant to say yes. While Penny and Wooten go through the journey of finding out what it means to be married, (spoiler alert) Penny eventually says "yes" to the proposal. I thought that this storyline was a great way of talking about expectations, not just in marriage, but all relationships. Even if you have not heard the recent episodes, or any at all, the characters and story

are easily picked up and no background is needed. I will be purchasing more of the recent series soon!

Another winner by Focus on the Family. Once again, "Taking the Plunge" did NOT disappoint. How AIO keeps coming up with great ideas, new & fresh ways to present situations, but also so relevant for our times. And what is more, so very necessary for our times. Have listened to it at least 4 times, with many more times in the future. Something new to hear each time I listen. Looking forward to the next album. :)

It is a family favorite. My daughter nearly wore out her CD by the amount of time that she played it.

My family are big Adventure in Odyssey fans and we were enjoyed these episodes while on a long car ride.

We are big AIO fans, and this collection did not disappoint. Wooten and Penny are some of our favorite characters!

I love every Adventures in Odyssey stories. I can't wait to hear what happened next with Wooten and Penny.

My kids are crazy for odyssey. We listen to it in the car and it has COMPLETELY changed our driving experience. I have 5 kids and they are all so quiet and attentive listening to the stories. Good morals and values too.

Ordered for my adult daughter. She has loved Adventures in Odyssey all of her life. She listens on her daily commute to work. Great reminder of Christian Values.
