Customer Reviews

Required for a class - but way too expensive for a small textbook. Not the seller's fault, an overall observation.

I'm at the end of my paralegal program, and believe me I have read a LOT of law books. This is probably the best book so far. The subject is complex, but the author does a good job of explaining evidence rules by using real cases and even a bit of humor.

Very good book but the FRE sorta go back and forth and it can get confusing.

Great book
