Customer Reviews

I borrowed this book through Prime. And now I just purchased it, because I hope to encourage this writer - Tanja Russita - to continue publishing little books like this. They are extremely helpful!

Images are very expressive, almost talking with you. The book ã•Â§ã•Â ã•Â ã•Â'ã•Â ã•Â° covers mostly 3 letter words. My 4 year old who is just learning to read enjoyed it very much. It has humor and each story is actually a story and not just a collection of words that need to be practiced. My son has been reading it again and again for the last couple of days. Way to go, Tanja! Looking forward to more books!

Exactly what a beginning reader needs: simple engaging text with pictures. My 5yo beginning reader asked for more!

Great for learning Russian sight words!

Very cute beginning reader!

Great book for kids learning to read Russian. Cute story and easy large words. Very happy with it.

My daughter is just starting to read in Russian. And she loves my Kindle. This book was really great for combining my "need" to give her easy and understandable reading and hers wish to "play" with my Kindle.

Very attractive! Indeed helps to start reading! I used it with my 6 y.o. grand niece, and neighbors kid - amazing success!

Less is more! Especially for learners of a new language; and certainly especially when both pictures and words are reduced to the absolute minimum, and thereby full to the brim with meaning. This is the case for Russita's books, and they are simply addictive. You don't want to take your eyes off of the simple lines creating vivid personalities, and you'll laugh at the small surprises in the development of the short stories. Perfect for children wanting to read a great book, and grown-ups wanting to learn Russian or just have fun reading.
