This is only the solo book, the accompaniment book is sold separately. I had a hard time finding it since they are not paired together and it is not "suggested." I finally found it under "Classic Festival Solos: Trombone, Vol. 1- Piano Accompaniment"

I love these solos. Piano accompaniment is adequate and not too difficult for a teacher to play for his students.

My grandson wanted this to help him play the Bassoon. He loves it.

Used this for her HS Freshman band solo. Came quickly and was great. Be aware that the piano accompaniment is sold separately in this series.

Arrived on time and everything was as promised

Just what I needed

I purchased this book based on the image. YES, it is the PIANO ACCOMPANIMENT, of this trombone solo collection. The title is wrong, this is NOT The t-bone part it's the PIANO part. Also if you click "look inside" it shows the Clarinet version of this series. If you buy it they offer you a chance to view online while you wait for the book to arrive and get this..... it was a percussion solo version.

My son needed this for his saxophone solo contest. It was exactly as described and just what he needed. It arrived just when we needed it.
