# Lisa Lopes: The Life Of A Supernova

## Synopsis

"Dreams are hopeless aspirations, in hopes of coming true, believe in yourself, the rest is up to me and you." -- "Waterfalls" Tionne "T-Boz" Watkins, Lisa "Left Eye" Lopes, and Rozonda "Chilli" Thomas came together in Atlanta, Georgia, in the early 1990s to form TLC, a group that blended hip-hop, dance, and R&B music so successfully that it went on to be one of the bestselling female groups of all time. This is the story of how Lisa Lopes, the self-proclaimed "crazy" member of TLC, rose above her difficult childhood to attain superstardom. With her funky raps and her vivacious personality, Lisa pursued her dreams and became known as the most energetic member of TLC, who went on to pave the way for many female groups that followed.

Left eye's legacy will live on throughout the pop culture based on her inspirational, innovative, and

talented work with TLC.

This book has meaning to me and it tells the true story of tlc and it tells you what really happened to Lisa and I will always remember tlc and the wonderful Lisa left eye lopez.

This book was good. However as some one mentioned the author did make some mistakes. She left out two of Lisa's guest appearances in the back of the book. 1997 Nothing to Lose Soundtrack - "Not Tonight(remix)"- Angie Martinez, Lil' Kim, Da Brat, Left Eye and Missy Elliot. I don't know how you miss that record since it was such a hit. Not only that she missed another guest song from 1997 off of Will Smith's cd "Big Willie Style". The fifteenth song was titled "Big Willie Style" and it featured Left Eye. I was very surprised that the author missed these important songs. I mean they were major songs that Left Eye did , I don't know how she missed them while doing her research which leaves me to believe that she is not a Hip-Hop & R+B fan, cuz I'm sure a lot of people know about these songs.

I love her story

none

Love this girl and miss her

Great book

I ordered two books recently, one being Aaliyah: an R&B princess in words and pictures and the other Lisa Lopes: The life of a supernova. I have to say that the latter surpasses the first. While Aaliyah's biography by Kelly Kenyatta was somewhat childish and too fairy-tale-like, Lisa's, on the other hand, is a superb and brilliant tribute to the talented artist and beautiful person she was. Unlike Kelly Kenyatta, who seems to pretend that Aaliyah was absolutely perfect, Nancy Krulik does not try to hide Lisa's weaknesses from the reader. We all knew she made several mistakes in her life, like burning down her boyfriend's mansion, and that she had drinking problems. But all this didn't make her a less good and caring person. In spite of her crazy side, feuds with the other TLC members and all, we truly feel that Lisa was searching for inner peace. Sadly, before she passed away, she seemed to have found it. RIP, Left Eye.
