The Book Of Druidry

Synopsis

This is a comprehensive study of the Druids, from their earliest history to the present-day renaissance. Written by a former Chosen Chief of the Order of Bards, Ovates, and Druids, this is a definitive account of the history and practice of Druidry, their principal deities, their myths, their wisdom and their social organization.

Customer Reviews

The most comprehensive survey of Druidry available, from their earliest history to the current renaissance--including a study of the shaping of their ideas, their principal deities and myths, their learning and social organization, and more. --This text refers to an out of print or unavailable edition of this title.

Very detailed overview of Druidry from its possible beginnings through age of darkness to renaissance. He goes into important authors, former chief Druids of OBOD, important trees, mythology, solar and agricultural celebrations, important monolith circles and more. This man is extremely knowledgeable. When explaining culture he compares and contrasts with Egyptian, Indian and more. I found myself having to reread certain passages to understand what he was saying. I wouldn't describe this as light reading. His measurements and insights into Stonehenge are overwhelming. Mr. Nichols does use the word "probably" frequently to string together some assumptions. I'm not knowledgeable enough to critique him but this book seems to be relevant three decades after his death. Many thanks to John Matthews and Phillip Carr-Gomm for pulling together

Ross Nichols manuscripts, hand-written notes and whatever to assemble this book. This book is probably as important to the foundation of Druidism as 'Witchcraft Today' by Gerald Gardner is to Wicca. Naturally these two were friends.

This is written by Ross Nichols who is the founder of bringing druidism back to life. He was great friends with Gerald Gardner which I find to be very interesting. Nichols went on with druidism and Gardner went on developing Gardnerian area in Wicca. They were the best of friends but they went their separate ways because they believed differently. Ross Nichols read this book right before he died and it has a lot of great information.

I can hardly understand anything he's talking about. You actually have to know a ton of stuff already to understand the book. Not for those who haven't studied lots of "druid history," such as it can be known, British history, archeology, etc.

Love this book. It's a must read for those interested in Druidry and its impact on the way modern Druids relate to the past.

Arrived as expected and in very good condition.

Modern Druidry owes a lot to Ross Nichols. He removed the masonic ties and brought paganism back into the path. Inspiring and educating many followers of the modern Druidic Revival - we all owe a great debt of gratitude to this man. And his lessons live on through Philip Carr-Gomm. Everyone should have this book in their collection.

Wonderful

Great book. This copy replaced my old copy due to damage. It was worth replacing. It's a very entrancing read.
