Customer Reviews

I honestly wasn't sure that I would like this book when I got it, but nothing ventured nothing gained so I decided to get it. WOW, AM I GLAD I GOT THIS BOOK! I never dreamed that mashed potatoes could change so much just by adding a few ingredients that I normally have on hand anyway! Just

changing from the traditional recipe to something different will easily change a boring hohum meal into something different. I appreciate single subject cookbooks because they enable me to use what I have on hand in a different way without spending a lot on ingredients my family isn't familiar with. This is a book that I highly recommend.

The recipes are ok. Sometimes ingredients are listed but then omitted from the instructions as when to add. For a seasoned cook this is no big deal. For a beginning cook this could be frustrating.

Mash potatoes are so great and they are so good for people who has gout. Thank you and enjoy your day.

Yummm!! I love mashed potatoes, the perfect side dish! Sometimes I eat them for lunch. The recipes look really tasty, it's given me some new and interesting ways to fix them. Looking forward to trying many of them out! Thank you!

I loved the very strange choices of ingredients that can be used in the different recipes. Some are a bit much for me, but they are great fun to just read and share.Ã Â ÂÂf
