Customer Reviews

This book is perfect for the newbie. The manufactures manual covers the basics. This goes in-depth. Even the self-proclaimed iPhone Experts can use a few of these tips to get the most out of their device. Most users will never get the full benefit of all the features associated with this life

saving device. If they feel uncomfortable or unsure about a features, they use them incorrectly or just avoid them all together. This has book is extremely useful and timely. You're never too old to learn new things.

I'm new with the Iphone and IOS since I am switching from Android so this is absolutely awesome! This book will be extremely useful for anyone who is new with how Apple does things!

Helped with answers to questions

This manual lacks basic information. I didn't find what I wanted to know about text messages.
