Michael Connelly CD Collection 2: The Concrete Blonde, The Last Coyote, Trunk Music (Harry Bosch)

Synopsis

The Concrete Blonde: This high-voltage thriller opens with Homicide Detective Bosch battling charges as the chief defendant in a civil suit against the LAPD. The family of a notorious serial killer whom Bosch shot during an arrest four years ago has accused Bosch of killing the wrong man. This allegation becomes horrifyingly plausible when a new murder occurs with all the hallmarks of the dead slayer's style.

The Last Coyote: Harry attacked his commanding officer and is suspended indefinitely, pending a psychiatric evaluation. At first he resists the LAPD shrink, but finally recognizes that something is troubling him and has for a long time. In 1961, when Harry was twelve, his mother, a prostitute, was brutally murdered with no one ever accused of the crime.

Trunk Music: Back on the job after an involuntary leave of absence, LAPD homicide detective Harry Bosch is ready for a challenge. But his first case is a little more than he bargained for. It starts with the body of a Hollywood producer in the trunk of a Rolls-Royce, shot twice in the head at close range - what looks like "trunk music," a Mafia hit.

Customer Reviews

Michael Connelly is a former journalist and author of the bestselling series of Harry Bosch novels and the bestselling novels *Chasing the Dime*, *The Poet*, *Blood Work*, and *Void Moon*. Connelly has won numerous awards for his journalism and novels, including an Edgar Award. He lives in Florida.

After binge watching the TV series Bosch, I started listening to the books. I made the mistake of listening to the first one I could find, which turned out to be in the middle of the series, so I then went

back to book one, which I found at my local library and have now just finished book 7 at the time of this review. Seeing that I was so excited to see a three book set for such a good price, I ordered it without understanding what I was getting. So far all of the book I have listened to are 9 to 12 CD's, which is about 11-13+ hours, however this set of books is only 3 CD's each! Now I truly understand what bridged and unabridged really means. Somehow they took about 12 hours and cut it to 3 at the most for each of these books. This is not to say that they don't get the storyline across and it flow from beginning to end, but having listened to the other unabridged books, one can tell that much of the story is missing and for it being a detective novel, the missing material is what drives Bosch to find the answers and adds the depth to the story. Reminds me of Cliff Notes.

Was hoping this would help me get through many hours and miles of driving. Had to turn off. It was more likely to put me to sleep than anything else. Also, very tacky and predictable stereotypical characters.

This set is abridged and feels at times like major parts are simply being raced through, summarized, and missing the development of the characters and other aspects of the novels that would occur in an unabridged reading of the texts. I will make sure I'm buying an unabridged version in the future because I really enjoy Michael Connelly's works.

Arrived promptly, good description, no problems. Love the Connelly books on Bosch.

We are loving these as we travel. So glad we bought them.

enjoyable

ok

hard to listen too...wouldn't buy again
