Rubank Intermediate Method - Clarinet (Rubank Educational Library)

Synopsis

(Intermediate Band Method). One of the most widely used series of methods for individual or like-instrument class instruction. Using a very well-rounded approach including scales, arpeggios, technical studies, studies for musicianship, articulation studies, solos, duets, and studies devoted to the special needs of each instrument, this series provides a fantastic wealth of material for all student musicians.

Best Sellers Rank: #35,784 in Books (See Top 100 in Books) #14 in [Books > Arts & Photography > Music > Instruments > Woodwinds > Clarinets](#) #304 in [Books > Arts & Photography > Music > Theory, Composition & Performance > Instruction & Study](#) #2674 in [Books > Humor & Entertainment](#)

Customer Reviews

This book was recommended for my daughter by her private lessons instructor. She completed the elementary book and has "graduated" to the intermediate book. The elementary book helped her very much in her success as a middle school player. I am sure the intermediate book will be just as helpful to her as a rising high school clarinet player. It is just as the description says.

Great exercises, great tunes and easy to read and understand. I prefer the Rubank series over the large, heavy universal methods that often bury a student under tiresome, exhausting work.

Same as what I had 40 years ago.

good tool for refreshing old skills

PERFECT for beginners or just to keep practices peak!!

As your students progress, this method book is a necessary addition to their library. It has all they need to develop tone, technique, and musicality.

No issues

I learned saxophone with these books a long time ago. Learning a new instrument brought back good memories of being in the marching band.
